

TacticalTradingSignal.com Receives Top Rankings for 2006 Performance Returns

SALINA, Kan. – TacticalTradingSignal.com announced today that they have earned Top Rankings for 2006 within TimerTrac.com Top Performers list. TimerTrac.com is the leading third-party benchmarking service that objectively reports active equity analyst performance based on daily market recommendations for nearly 600 active money management strategies. The results of TimerTrac.com Top Performers list are over a period from Friday December 30, 2005 through Friday, December 29, 2006. The S&P 500 index gained 13.62% over this same time period, while the Nasdaq 100 with gained 6.79%.

These returns are calculated using the corresponding indices themselves:

Rank	Category	Strategy	Gain/Loss
1st	Equity: Long Only	TacticalTradingSignal.com Nasdaq 100 Long Only	19.41%
1st	Equity: Long and Short	TacticalTradingSignal.com Nasdaq 100 Long/Short	27.08%
2nd	Equity: Long Only	TacticalTradingSignal.com S&P 500 Long Only	13.98%

These returns are calculated using the exchange traded fund QQQQ:

Rank	Category	Strategy	Gain/Loss
1st	Equity: Long Only	TacticalTradingSignal.com Nasdaq 100 Long Only	19.51%
2nd	Equity: Long and Short	TacticalTradingSignal.com Nasdaq 100 Long/Short	26.09%

These returns are calculated using Rydex Dynamic OTC Funds:

Rank	Category	Strategy	Gain/Loss
1st	Equity: Long Only	TacticalTradingSignal.com Nasdaq 100 Long Only	36.92%
2nd	Equity: Long and Short	TacticalTradingSignal.com Nasdaq 100 Long/Short	60.23%

When consider a wider range of categories such as Equity: ETF Long/Cash/Short, Long and Short, Long Only, LongShort/Leverage LongShort and using QQQQ to calculate returns:

Rank	Category	Strategy	Gain/Loss
3rd	Equity: Long and Short	TacticalTradingSignal.com Nasdaq 100 Long/Short	26.09%

Ranking at or near the top of TimerTrac.coms Top Performance list within their particular categories is quite an accomplishment, said Jack Schwartz, owner of TacticalTradingSignal.com. Over the years many of our clients have come to see the benefits of active money management first hand, and now we are excited to offer the do-it-yourself investor our advanced technical models. You can see the power of our trading signals when using the Rydex Dynamic OTC funds to trade. By using the Rydex OTC funds to trade, an investor would have gained 60.23% for 2006. The use of leverage is not for everyone, but this is a great example of how powerful our simple trading signals are.

TacticalTradingSignal.com provides numerous investment strategies to help the do-it-yourself investor take charge of his or her investment decisions. Our advanced technical models were designed to provide investors with information to help them with their investment decisions in both up and down markets. As a result, TacticalTradingSignal.com can help individual investors manage the emotional side of investing.

About TacticalTradingSignal.com

Created by 25-year financial services industry veteran Jack M. Schwartz, along with his Chief Technical Analyst Rick Roberts, TacticalTradingSignal.com uses Schwartz's proprietary Iron Street Research Models to detect major market changes and release simple bullish, bearish and neutral signals three to four times each year.

Subscriptions to TacticalTradingSignal.com are available in monthly or yearly options. In addition to automatic e-mail alerts to signal changes, subscribers also receive access to market and technical analysis updates. For more information, visit <http://www.tacticaltradingsignal.com>.
